**Note: Method of Evaluation:** Quality Based Selection

A copy of the Technical Proposal for each of the tenderers was received and independently evaluated by each member of the Evaluation Committee. The Committee met on one (1) occasion, November 8, 2019, during the evaluation process. The meeting was held to clarify any areas of uncertainty and discuss the recommendation(s) of the findings of the independent evaluations of the technical proposals. Evaluation of the technical proposals was done based on the criteria set out in the Request for proposals.

- Methodology and Work plan 40%
- Key Professional Staff Qualification 60%
- Total Weight 100%

**Minimum Technical Proposal Score required to open Financial Proposal: 70 points**
